## Mayor's Corner – Exciting Projects and Opportunities for Public Input

Mayor Tom French

Hello friends - 2024 has arrived with a tremendous amount of optimism here in our little green corner of the Puget Sound Region. We have a lot to accomplish this year and it would not be possible without the hard-working members of our staff and our selfless community volunteers.

The dedicated members of our boards and commissions are working very hard on all of our behalf to improve our community and we are looking forward to seeing the results of their efforts.

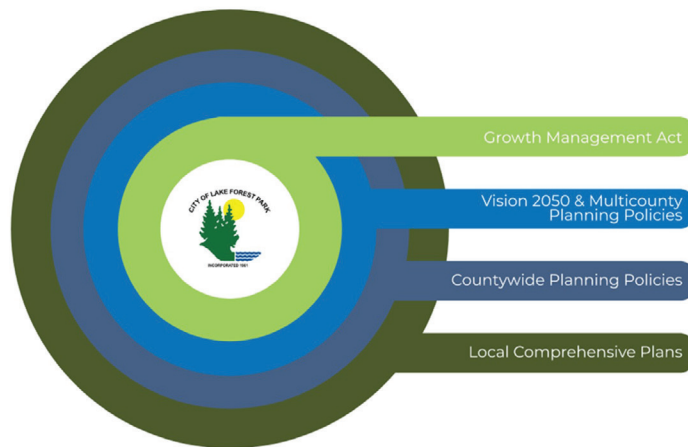

We have much to look forward to: the continuation of the great work of the Planning Commission on the Comprehensive Plan Update; the delivery to our Council of the Climate Action Committee's draft plan on recommendations for our community to reduce the impacts of climate change; the arrival of a detailed tree inventory from our Tree Board; and the delivery of design recommendations for our Lakefront Property from our Parks and Recreation Advisory Board.

There will be many opportunities for public input and comment on each of these important bodies of work. Please sign up for alerts on our website and check the City calendar for the latest word on upcoming events.

With appreciation,  
Mayor Tom French

## Comprehensive Plan Periodic Update

The City's Planning Commission is currently in the process of updating the comprehensive plan as required every ten years under the WA State Growth Management Act. This plan is the visioning and guidance document for the city and contains goals and policies to support regulations and future decision-making for the City of Lake Forest Park. The Planning Commission meets regularly on the second Tuesday of each month

but will also hold several special meetings from now through June 2024 to discuss potential changes to the comprehensive plan.

- Planning Commission Special Meeting on Monday, March 4, 7:00 p.m. (hybrid meeting)
- Planning Commission Regular Meeting on Tuesday, March 12, 7:00 p.m. (hybrid meeting)
- Planning Commission Special Meeting on Thursday, April 4, 7:00 p.m. (hybrid meeting)
- Planning Commission Regular Meeting on Tuesday, April 9, 7:00 p.m. (hybrid meeting)
- Planning Commission Special Meeting on Wednesday, May 8, 7:00 p.m. (hybrid meeting)
- Planning Commission Regular Meeting on Tuesday, May 14, 7:00 p.m. (hybrid meeting)
- Planning Commission Special Meeting on Thursday, June 6, 7:00 p.m. (hybrid meeting)
- Planning Commission Regular Meeting on Tuesday, June 11, 7:00 p.m. (hybrid meeting)

The Planning Commission is anticipated to make a formal update recommendation to the City Council this summer, for possible City Council action on the Plan by December 2024. The goal of the periodic update is to incorporate mandates from the state, regional agencies, and county, as well as to include revised or added goals and policies that the community would like to see implemented in Lake Forest Park. We hope to see you at a future meeting.

## Council Corner - Update on Sound Transit Plans in LFP

Last year, 500 members of our community met with Sound Transit (ST) leadership and requested changes in its current plans for massive road widening on Bothell Way for a new northbound bus lane. The City Council followed up with a formal request in late October. We support efficient, cost-effective transit improvements, but the current design through LFP will cost hundreds of millions of dollars for two minutes of travel time savings, and only at rush hour. In contrast, impacts would be huge: property takings from 110 homes or small businesses,

removal of over 400 trees along the roadway, 1.3 acres of new impervious surfaces affecting streams, and removal of 95,000 tons of debris – all increasing noise and heat island effects.

Our city and community are trying to help ST – by requesting less damaging and less costly alternatives that can provide similar benefits for bus riders. Our letter

urged ST to collaborate with us and explore queue jumps and signalized traffic lights, rather than a mile long bus lane. We requested a side-by-side cost-benefit and impact analysis comparing the full bus lane with the queue jump approach. We will post ST's response on the City website as soon as we receive it.

## Volunteers Needed for LFP Boards, Commissions, and Committees

Photo by Vecteezy.com

Civil Service Commission – one full-term vacancy, six-year term, generally meets in the morning, as needed.

Climate Action Committee - there are two college/high school student

positions available on the Climate Action Committee. Both are partial terms that expire on February 28, 2025.

Tree Board - terms are for three years and there are two partial term vacancies; one expires February 28, 2025 and the other expires February 28, 2026.

If you would like to apply, please complete the online application: <https://lakeforestpark-wa.municodemeetings.com/bc/application>. More information about these advisory bodies is available here: <https://www.cityofflp.gov/103>. If you have additional questions about any of the positions, please call City Hall, 206-368-5440.

## Reminder – City Offers Locking Mailbox Program

Mail Boss 7500 Mail Manager Pro

Last year, the City began the Locking Mailbox Program [<https://www.cityofflp.gov/682>] to help deter mail theft.

Property owners of single-family residential units (including duplexes and triplexes) are eligible to participate in the program. Tenants may also participate with written permission from their landlord (necessary as the mailbox will be owned by the property owner).

Property owners may sign up for the program by submitting a completed application, including payment, to City Hall. Applications are available online [<https://www.cityofflp.gov/DocumentCenter/View/11319>] or in-person at City Hall.

A mailbox will be reserved upon receipt of a complete application and payment. Once the City has received 24 applications, we will place a bulk order for mailboxes. Once we receive them, you will be contacted to pick yours up.

The mailbox cost is \$121.44 (\$99.20 plus \$11 shipping and \$11.24 sales tax) which is significantly lower than the retail cost of \$160. Payments can be made in person by cash, card\*, or check (\*additional service fee applies).

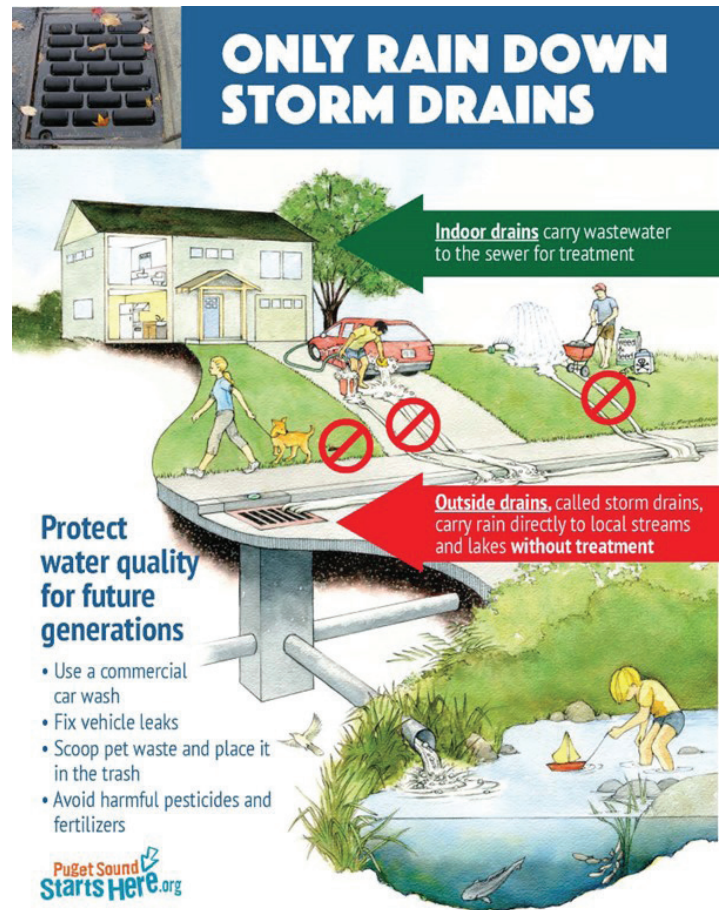

For questions regarding the program or assistance with filling out the application, contact City Hall at 206-368-5440.

## Check Out the Garden Hotline for Tips to Help Protect Puget Sound

Spring is here! Looking to get your garden going without all the chemicals but need some tips on soil care, clearing old growth, trimming shrubs, or plant choices? The [GardenHotline.org](https://www.gardensound.org) has you covered with many resources, classes, and education to get your garden going this year!

Together, our collective small actions can make a BIG difference to help keep pollutants out of waterways. Simple things like stopping the use of pesticides in your yard; using a commercial car wash rather than your driveway to wash your car; and scooping, bagging, and throwing your dog's poop in the garbage every time all help keep only rain flowing down storm drains and into waterways. Learn more tips to keep us all healthier and happier at [pugetsoundstartshere.org](https://www.pugetsoundstartshere.org)!
