## **Lake Forest Park Transportation Benefit District: 2011-2012 Funding Plan**

For fiscal years 2011-2012, the Lake Forest Park Transportation Benefit District will use Transportation Benefit District funding for street infrastructure preservation and maintenance projects and the administration of those projects consistent with RCW 36.73 and Chapter 12.35 Lake Forest Park Municipal Code.

LFPMC 12.35.030: The transportation improvements funded shall preserve and maintain the City's previous investments in the transportation infrastructure, reduce the risk of transportation facility failure, improve safety, continue the cost-effectiveness of the City's infrastructure investments, and continue the optimal performance of the transportation system.

Examples of the types of preservation and maintenance projects include, but are not limited to, pothole patching, crack sealing, skin patching, repairs, shoulder maintenance, guard rail repair, snowplowing/sanding and snow related equipment, signs, striping, crosswalks, signals, street drainage, labor, equipment and machinery, and contract work from King County. Funds can also be used for engineering, the annual road overlay program, and road and sidewalk construction projects.

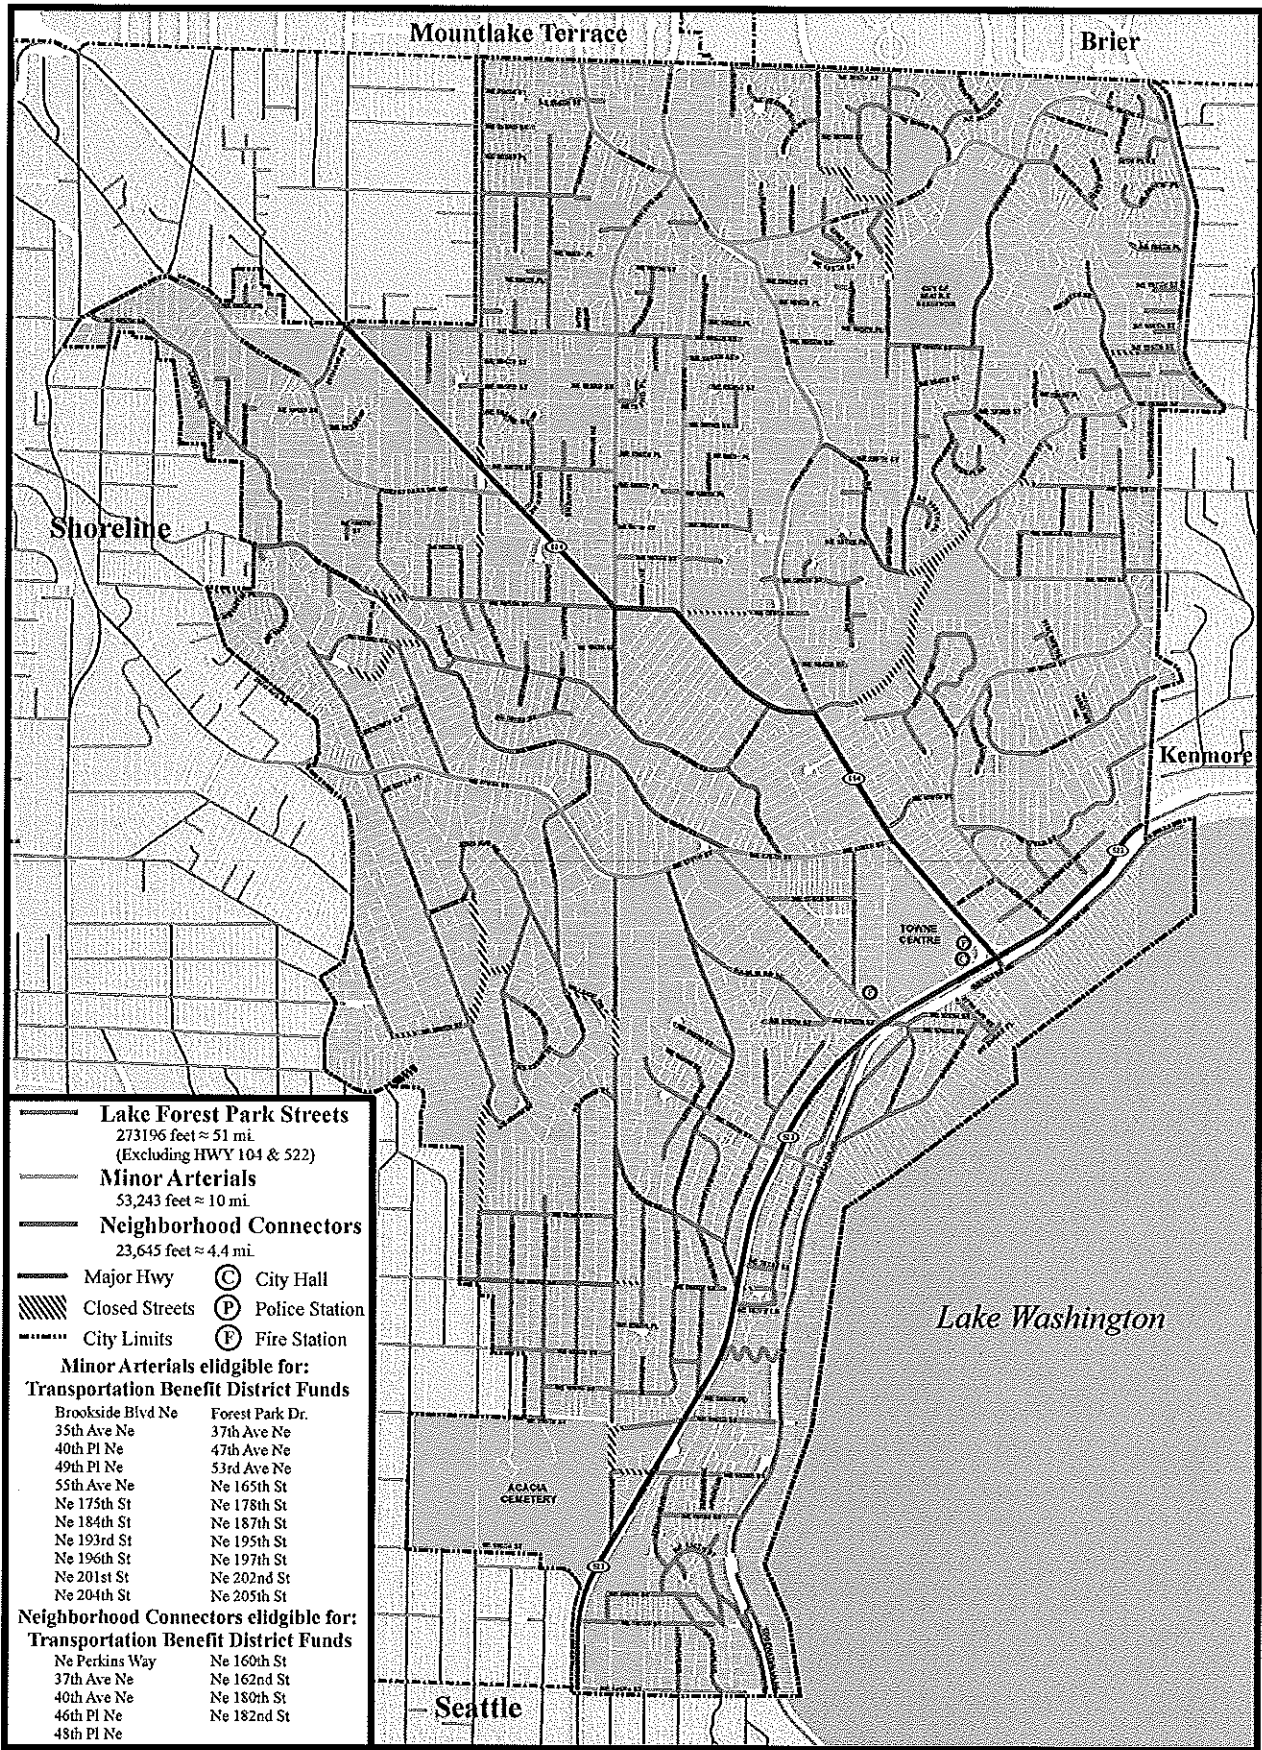

Transportation Benefit District funds are available to be spent for 2011-2012 for projects and the administration of those projects in the following five categories:
