A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAKE FOREST PARK, WASHINGTON, SETTING THE SURFACE WATER UTILITY RATES FOR 2026

WHEREAS, the City has reviewed the surface water utility revenue and operational expenditures that are needed to retain the current level-of-service standards for surface water management services, to continue compliance with the Endangered Species Act and other unfunded mandates, to continue with best management practices, to continue to develop the City's surface water management program, and to address the capital repair and improvement of the City's surface water management systems; and

WHEREAS, the City has determined that the annual surface water utility fees should be increased by fifteen percent (15.0%) in order to retain and improve upon the current level-of-service standards for surface water management services; and

WHEREAS, 5% of the increase is specifically dedicated to fund a Stormwater Program Coordinator employee to assist the City in meeting the federal surface water requirements, and to set aside amounts annually to support long-term capital improvement needs of the City's surface water infrastructure.
