Submitted To: City of Lake Forest Park  
17425 Ballinger Way NE  
Lake Forest Park, WA 98155

Date: July 6, 2022

Project Name: US-WA-1010 Lake Forest Park

Project Address: 19701 47TH AVE NE (site address)  
4500 NE 195TH ST (parcel main address)

Parcel Number: 4027700066

Application Type: Wireless Communication Facility Application

To Whom It May Concern,

The tower owner, Phoenix Tower International, is applying to modify an existing wireless facility in order to accommodate additional colocation of wireless service providers to service the area. As this application involves installations of two additional wireless carriers, as well as the modification of the existing wireless carrier, in lieu of the wireless carriers, who cannot speak to the holistic compliance of the whole structure, the tower owner has contracted engineering studies to evaluate the new facility and ensure that the proposed facility will not interfere with any other transmission or reception signals.

Attached, please find the following engineering sealed documents demonstrating compliance:

- Radio Frequency Interference Analysis Report. This report states that the modified facility will not interfere with any other adjacent or neighboring transmission or reception signals.
- Non-Ionizing Radiation Report. This report states that the modified facility will be in compliance with all FCC regulations for RF exposure.

The applicant, Phoenix Tower International, in commissioning these sealed engineered reports, has demonstrated non-interference and FCC compliance.

Christopher D. DeVoist  
Senior Real Estate Specialist  
Technology Associates EC INC, a division of Phoenix Tower International

DATED this 15 day of November, 2022.

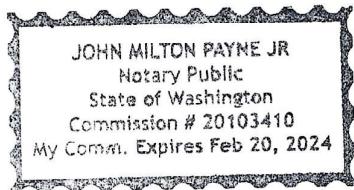

APPLICANT:

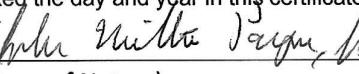

By:
